About TLS

The Literary Society is the club at MCET for people who write, speak, act, sing, draw, shoot photos, design and build things. We organise events and fests through the year and all of it is run by students.

The form asks for two choices. A **lead position** is for people who want to run a team or a whole wing of the club. A **member position** is for people who want to work in one domain. You can pick one of each, or choose None for whichever you don't want.

The Core Team

1

Chief Coordinator

Heads the society. Makes the final call on plans and events, keeps all the leads working together and speaks for the club to the college, sponsors and other clubs.

2

Vice President

Works with the Chief Coordinator on everything and takes over when they aren't around. Also follows up with leads on deadlines and keeps the team in line.

3

Secretary

Handles the paperwork and communication: letters, permissions, notices, meeting minutes, attendance and member records.

4

Vice Secretary

Helps the Secretary with all of the above and looks after member lists, forms and follow-ups.

Lead Positions

Each of these leads runs one part of the society.

1

Social Media Lead

Runs our Instagram and other pages. Plans posts, reels and event announcements, and manages the social media members.

2

Design Team Lead

In charge of posters, banners, certificates and everything else we publish, and makes sure it all looks like it belongs to TLS.

3

4

Looks after the technical side: the website, registration forms, sheets, sound and projection setup at events.

5
